THE GAME

However the game clock will be running. If at the end of the grace period a team does not have enough players to start the game, then the game will be a forfeit. Completed lineup forms should be turned in to the scorekeeper at least five minutes before the scheduled game time. If the previous game runs over the time, the lineups still

- must be turned in five minutes before game time. Managers have up to the first pitch to make changes in the lineup. If a manager submits a lineup with ten or eleven players listed, and the players are not present at his or her time at bat, the batter's position in the lineup will be an automatic out.
2. Forfeits will be called by the umpire five minutes after the game start time. A team which forfeits three league games during the regular season without prior notification of that team's inability to play the game, shall be dismissed from the league and league tournament without refund of franchise fee. All future opponents will be credited with a win.
 3. Both visiting and home teams must have a minimum of eight (8) players before the first pitch. If a team does not have eight players present, a forfeit will be called. If a team begins the game with eight players, you must continue and finish the game with eight players. Any additional players must be used as substitutes for your original eight players. If a team begins the game with eight players and a player gets injured the game will be called a forfeit for that team if the team has no substitutions. If a team begins with eight players and has a player ejected, the game will be called a forfeit for that team if the team has no substitutions.
 4. Teams beginning the game with nine (9) players in the lineup can finish the game with a minimum of eight (8) players. Teams that begin the game with nine players and has a player get injured during the game, if no substitutes are present, that player's position in the batting line up will be an out and the game will be completed.
 5. A team may insert an additional hitter into its lineup. The batting order must remain constant, however. Any ten (10) of the eleven (11) players can take a defensive position throughout the game. All eleven players must be present on the field before the first pitch. Teams can finish the game with a minimum of eight players.
 6. Each game will have a sixty minute time limit. After five innings, if the difference in the score is twelve (12) runs or more, the game is considered as complete. AT ANY TIME DURING THE GAME IF A TEAM FALLS BEHIND BY MORE THAN 12 RUNS, THAT TEAM HAS THE OPTION OF ENDING THE GAME. The only game that does not have a time limit is the championship game of the tournament. In this game a full seven innings will be played.
 7. The official time of the game is the scoreboard timer. The scorekeeper will start the game timer at sixty-five minutes after the completion of the previous game. The timer will start at sixty minutes for the first game.
 8. The second team listed on the schedule is the home team. During tournament play the higher seeded team is the home team.
 9. No metal spikes may be used. Only official softball bats may be used. Authorized bat manufacturers shall mark their products with the words "Official Softball", or words to that effect. If the bat is not official or does not meet specifications, it will be the judgment of the umpire to prohibit its use. The ball to be used during play will be a USSSA approved, 12" Classic M .40 COR 325LB compression optic yellow softball.
 10. The NA-FC Department of Parks and Recreation attempts to place teams in leagues according to their ability. To equalize competition all our leagues will play under the following Home Run Rule: **There will be only three home runs allowed per game.** Any other player that hits a fair untouched fly ball over the fence in that game is ruled out.
 11. **No** infield practice will be allowed. You may warm up before a game, but please do not play in the area around home plate. The gates at each field will be locked until approximately 30 minutes before game time. Please do not get on fields until the gates have been properly opened.
 12. Only players, coaches and managers are allowed in the dugout area.
 13. In all leagues, a batter will strike out after 2 strikes and will walk after 3 balls.
 14. Batters are out on the second foul ball after one strike. If the final foul is caught on the fly, the ball is dead and runners may not advance.

20. League games are played at 6:30, 7:30, 8:30, and 9:30. When signing up for a league, know that any team could play at any time. No special exceptions will be made for any team if they cannot play a particular night or time. Once the schedule is set there is to be no changes, unless weather related.
21. Any player that appears to be under the influence of drugs or alcohol will not be allowed to take part in the game. It will be the judgment of the umpires.
22. The Parks Department has adopted a “you hit it, you get it” policy. The Parks Department asks that when a player from your team hits a ball out of play that someone from your team retrieves that ball, if at all possible. This will keep your game and any games after yours running with no delays.
23. Only the batter and on deck batter are allowed on the field for the batting team. All other players must be outside of the playing field.
24. Any player, manager, or umpire who is bleeding or who has an open wound shall be prohibited from participating further in the game until bleeding is stopped and the wound is covered.
